TO FACE CREDITORS

Mrs. Cassie Chadwick, in Custody of Officers, Left New York For Cleveland.

THE WOMAN GOES VOLUNTARILY.

Before Leaving She Made a Statement Declaring That She Will Pay All Her Obligations.

The Home Coming of Mrs. Chadwick Will Create More Excitement in Cleveland Than Any Event in Recent Years.

New York, Dec. 14.—Mrs. Chadwick started for Cleveland on the Buffalo limited, which left the Grand Central station over the New York Central at 8 o'clock Tuesday night. Before leaving she made a statement in which she declared she will pay all her obligations and that her sole purpose in going is to face her creditors. She said that she could have obtained bail here if she had wished to and that one of the most prominent men in the country had offered Tuesday to go on her bond.

Mrs. Chadwick left here in custody of United States Marshal Henkel and Deputy Marshals Kumb and Keller. Marshal Henkel said that he would leave the train at Poughkeepsie, but that the other marshals would go on to Cleveland with the prisoner. The train is scheduled to arrive in Cleveland at 11:50 Wednesday morning.

Mrs. Chadwick Interviewed.

Before leaving the United States marshal's office for the station, Mrs. Chadwick, at the suggestion of her counsel, Philip Carpenter, consented to an interview with the number of newspaper men who were waiting.

"Many statements that have appeared about me are absolutely false," she began. "I have read statements in one or two papers that are absolutely false. I am physically and mentally broken down. I am not in any condition to make a statement.

"I am going home for the sole purpose of facing my creditors and whatever charges they have made against me. I am going home voluntarily and not because I could not obtain bail. Since my arrest I have had offers of bail from many prominent persons. Isn't that so, Mr. Carpenter?" she asked, turning to her counsel.

"Yes; that's true," he replied.

"To-day bail was offered to me by one of the most prominent men in Cleveland by telegram," said Mrs. Chadwick.

Will Not Give Bail in Cleveland.

"I shall not give bail when I get in Cleveland. I have the best motive in the world for not doing so. The history of this case from beginning to end will soon be published in a certain newspaper. I promised to give out my story and it may take months to get out. It may be, however, that it will be published to-morrow, next week or in a month. But certainly not until my obligations are settled and paid."

Cleveland, O., Dec. 14.—The home coming of Mrs. Cassie L. Chadwick Wednesday will create more excitement in this city than any event of recent years. The probability of a tremendous jam at the depot has compelled Chief of Police Kohler to arrange details of officers to restrain the crowd, and United States Marshal Chandler, to whose offices she will be taken upon her arrival, has determined to station a force of deputies around his office to prevent the throng from taking the room by storm.

Will Likely Go To Jail.

The prospects are that Mrs. Chadwick will be compelled to go to jail unless she can give bail to the amount of \$40,000, and she may be asked to furnish surety as high as \$52,500. United States District Attorney Sullivan said Tuesday night that he did not care to discuss what action he would take after Mrs. Chadwick's arrival.

"Of course," he said, "the case of Cuyahoga county against Mrs. Chadwick can not come up until after the federal case has been disposed of. If Mrs. Chadwick should give the bond which District Attorney Sullivan will demand, I shall immediately cause her re-arrest under the two indictments found against her Monday, and I will ask that she give bond for \$12,500 on each indictment—or a total surety of \$25,000. There was a report Tuesday that a third indictment was found against Mrs. Chadwick charging forgery in connection with the \$50,000 Carnegie note. It was not returned, but such a thing may occur before Mrs. Chadwick has seen the end of her troubles with the federal officials. If it does, Mr. Keeler will ask for a bond of \$12,500 in this case also, making the total amount of surety that she will be called upon to furnish \$52,500.

Mrs. Chadwick's Home.

Receiver Nathan Loeser, who was appointed by the United States district court to take charge of the estate of Mrs. Cassie L. Chadwick attempted Tuesday night to take possession of Mrs. Chadwick's home on Euclid avenue. The property has been in charge of a custodian for the Elyria bank of Elyria, O. He refused to admit Mr. Loeser, but opened the door a few inches and peered out at him. The receiver announced that he was in possession in behalf of the United States government. The custodian still declined to admit him until he had heard from the bank's attorney. The receiver departed and reported the result of his mission to United States Marshal Chandler, who said that he would force open the doors of the Chadwick house should such a proceeding be necessary to place Mr. Loeser in possession.

TROOPS IN THE PHILIPPINES.

Their General Health Is Reported To Be Excellent.

Washington, Dec. 14.—Brig. Gen. Randall, commanding the department of Luzon, Philippines, in his annual report to the war department, says that the general health of the troops is excellent, the disappearance of cholera having removed one of the greatest sources of anxiety. The improved health conditions are said to be due to the construction of new posts, the absence of hard field service, the drinking of distilled water and enforced abstinence from native fruits and uncooked vegetables.

Nashville, Tenn., Dec. 14.—Houston Bond, a clerk in a leading hotel of this city, received a certified check Tuesday morning from Evansville, Ind., for \$10,000. Four years ago an old gentleman fell on the sidewalk in front of the hotel and severely injured himself. Mr. Bond went to his assistance, lifted him from the ground and cared for him until he had recovered. The check was the sequel. Mr. Bond would not disclose the name of the man who sent the check.

MINNEAPOLIS FIRE

Business Property to the Estimated Amount of \$3,000,000 Went Up in Smoke.

TWO KILLED AND TWO MISSING.

Flames Broke Out in the Supply House of the O. H. Peck Co. Fifth Street.

For a Time the Best Part of the Retail District of the City Was Threatened With Entire Destruction.

Minneapolis, Minn., Dec. 14.—Fire which broke out in the photographic supply house of the O. H. Peck Co., on Fifth street, south, at 10:30 o'clock Tuesday night, spread to adjoining buildings and caused a loss estimated at \$3,000,000. The Peck building was entirely gutted, while the six-story furniture house of Boutell Bros., one of the largest establishments of its kind in the northwest, was ruined and a number of smaller buildings were also destroyed.

For a time the best part of the retail district of the city was threatened and the firemen seemed powerless to stay the onrush of the flames, which were driven by a high wind from the north.

Allowed to Burn Themselves Out.

By allowing the buildings already on fire to burn themselves out, and confining their efforts to adjacent buildings, however, the fire-fighters had the conflagration fairly under control at 2 o'clock Wednesday morning.

The fire was discovered in Peck's optical instrument store in the rear of Boutell Bros.' establishment. A small fire in itself, it got beyond the control of the firemen and attacked Boutell Bros.' house furnishing establishment. The big store, filled with draperies and rugs, hung from display racks, was easy prey for the flames and at 1 o'clock was hopelessly ruined. With the firemen still working on Boutell Bros.' building, the walls fell with a crash. Two firemen were seen in the glare to be buried beneath the avalanche of brick and mortar. One of the men caught in the fall of the walls was a member of the salvage corps. The other was a fireman from one of the engine companies.

Blaze Spread Rapidly.

The fire spread to the New England house furnishing establishment across the street from the Boutell Bros.' store. Then it leaped to the Powers Mercantile Co.'s great department store.

The district in which the fire occurred is closely built, most of the buildings being substantial brick and stone structures and some of them, from an architectural standpoint, the handsomest in the city. The high wind carried burning brands and sparks in all directions and many incipient blazes were lit within a radius of four blocks. The Northwestern National bank building, the Phoenix office building, the National Bank of Commerce, the New York Life building and many other big office buildings were within the fire zone and for a time seemed to be in imminent danger. As soon as the extent of the fire was seen an appeal for assistance was made to the St. Paul department and two steamers and crews were dispatched by a special train.

The cold weather and the high wind deterred the firemen to a great extent in their efforts to subdue the flames, but fortunately the wind died down about 2 o'clock and further danger of the fire spreading seemed to have been averted.

THE MARCUM DAMAGE SUIT.

The Trial Will Probably Last Two or Three Weeks.

Winchester, Ky., Dec. 14.—The big Marcum damage suit is fairly launched, but the end will not probably be reached for two or three weeks, as the plaintiffs have about 75 witnesses and the defendants nearly as many.

Mrs. Marcum, the principal plaintiff, was the first witness. She testified that she had six children from one to 19 years of age. The earning capacity of her husband was from \$3,000 to \$5,000 per year. She told of a visit from Senator Hargis, one of the defendants, on which he advised her husband to leave, saying he would not harm him, but he could not answer for James Hargis and Ed Callahan.

Capt. J. B. Ewen was standing by Marcum when the latter was killed. He looked back after the first shot and saw Curt Jett standing behind him in the corridor with his pistol in both hands and pointed at witness, who ran. He detailed several conversations with Hargis in regard to the matter, in one of which he told of Marcum setting out trees, when Hargis said he would be setting out trees in another world in a few months.

John E. Patrick, whose brother married a sister of Marcum, testified as to the financial standing of defendants. He said Callahan was worth \$15,000 or \$20,000, and the Hargises own large tracts of land, houses, stores and stocks of merchandise. He saw Marcum when he was killed. J. C. Bach was with Patrick when Marcum was killed and testified to the same facts. He had drawn an indictment for criminal libel against Marcum for statements published in the papers and Callahan and Hargis were the prosecuting witnesses. Marcum was killed a few days before the date set for the trial.

SHUT OFF WATER SUPPLY.

Fishes Clogged One of the Big Mains at Louisville.

Louisville, Ky., Dec. 14.—Louisville has been practically without water for the past two days, owing to reasons which were not discovered until Tuesday morning. After 48 hours of investigation the engineers of the company discovered at the mouth of one of the big water mains 3,000 or 4,000 fish closely packed together, almost completely cutting off the water supply. Some of the fish weighed as much as ten pounds. After their removal Louisville became no longer the "great unwashed." The fish captured in the main have flooded the local markets.

JUDGE C. SWAYNE.

House Adopts Resolution Providing For His Impeachment For High Crimes, Etc.

A FIVE HOURS' DISCUSSION.

The Proceedings Were the First of Their Kind Since the Impeachment of Gen. Belknap.

A Resolution Granting the Use of the Pension Office Building for the Inaugural Ball Was Passed by the Senate.

Washington, Dec. 14.—Senate.—In the senate Tuesday a number of private bills and a few bills of a semi-public character were passed and there was some discussion of the pure food bill by Messrs. McCumber and Platt (Ct.) and Spooner. A resolution granting the use of the pension office building for the inaugural ball also was passed. Mr. Bailey expressed opposition to it.

House.—Sitting as a grand jury, the house of representatives Tuesday, with almost a full membership and more than five hours' discussion to the exclusion of all other business, adopted a resolution providing for the impeachment of Judge Charles Swayne, of the northern district of Florida, for "High crimes and misdemeanors."

Heard Evidence in the Case.

The case against the respondent was clearly set out by Mr. Palmer, of Pennsylvania, chairman of the subcommittee of the judiciary committee which heard the evidence in the case. He carefully dissected the evidence bearing on each of the specifications, and said that if it were found that Judge Swayne had done well he should be vindicated, but if he had done ill he should be sent to trial. "Where his excuses and apologies may or may not receive consideration. He was followed by Messrs. Clayton of Alabama, Powers of Massachusetts, Henry of Texas, and Lamar of Florida, each of whom in most vigorous terms advocated impeachment. Messrs. Gillett of California and Littlefield of Maine, in speeches opposed their colleagues on all the specifications except the one as to the account rendered to the government by Judge Swayne for traveling expenses.

Throughout the session intense interest was shown by members. Following the adoption of the impeachment resolution, provision was made for appointment of five members to notify the senate of the impeachment and for a committee of seven to present the case to the senate.

Tuesday's proceedings were the first of their kind since the impeachment in 1876 of Gen. W. W. Belknap, who was secretary of war in President Grant's cabinet.

WEATHER FORECAST.

Fair and continued cold to-night and Thursday.

The discovery of a rill, which extends through the valley of the Alps on the moon, is announced. The rill is in the nature of a dry river bed or crack in the crust eighty miles long and a few hundred feet wide. Maybe the Lunarites are experiencing a drouth similar, in proportions, to the Kentucky article recently broken.

WITH the advent of cold weather, cases of smallpox are being reported in widely separated sections in many counties of the State and we feel that it is again our duty to warn the health officials and people of the necessity of prompt action to prevent serious and expensive local outbreaks. Fortunately Maysville is free from the disease this year and no effort should be spared to keep it so. The prevention of smallpox is as certain and safe as it is cheap and easy, and although it is unlawful to remain unvaccinated at any time, in the face of existing conditions intelligent people should not wait for the law to force them to evident duty. Vaccination and re-vaccination, properly done with reliable virus, is a sure preventive, and is entirely free from danger. It should always be done by a competent physician, medical men tell us, with clean hands and instruments, at three points, at least an inch apart, on a well cleaned arm, and should dry thoroughly before the sleeve is drawn down. Fresh, reliable, commercial virus can be procured, but it is difficult to keep it active, and the State Board of Health recommends the use of humanized virus, especially in the country districts where the family physician can select it himself from the arms of healthy children and young girls. It is more certain to take, causes less soreness and is believed to give better and longer protection.

River Items.

The 15,000,000 bushels of coal loaded on barges at Pittsburgh will be started down the river on the first rise.

The Monongahela River Coal Company has ordered all its men to report to their boats at once. Captains, mates, engineers and firemen started for various points along the river between Pittsburgh and Cincinnati Monday. The coal company believes that a boating stage is near and is getting its men on board so they will be ready for any eventuality.

The Effort of His Life.

There is a very interesting kindergarten over at Washington C. H. Recently the little tots were taken to the country. The next day the teacher asked each one of the pupils to do something which chickens do. Some of them crowded, others cackled and some tried to fly. Little Johnny Griffs was stooping down in the corner, and was apparently taking no interest in the program. "Johnny, can't you do something that a chicken does?" asked the teacher. "Hush, I am trying to lay an egg!" was Johnnie's answer.

Rabbits and quail in this vicinity are like "angels' visits, few and far between," so returning hunters often come around the back way to keep their empty game bags from being seen.

Mayslick.

In the death of Mrs. Michael Burke, of which brief mention was made in Saturday's issue, the Mayslick community lost one of its best known and most beloved members. A loving wife, devoted and indulgent mother and a friend to all, the void left by her death is one which can never be filled. Few, indeed, are the homes where at some time or another her noble influence has not been felt. Wherever she thought her duty called to the relief of suffering humanity, there she was always found carrying cheer and comfort in the hour of need.

Through years of ill health and weeks of suffering, her true christian spirit was always manifest.

Deceased was formerly Miss Margaret Higgins and was united in matrimony to Mr. Burke May the 12th, 1867.

The funeral services were conducted by Rev. DeBruyn Sunday morning at the Mayslick Catholic Church, after which the remains were laid to rest beneath fragrant tributes of love and esteem in the cemetery at Washington.

The "Burgomaster" company which played here last week must have warmed up after it filled its engagement here. They passed through Lexington the other night on their way to Louisville from Ashland, where they did not play for some reason or other. The Democrat says they took care that all the passengers on the train and everyone else in the vicinity know they were in town when the train stopped, and judging from the time the chorus girls and the chorus boys were having it appeared that it didn't matter to them whether the company ever showed again or not. Their yells and whoops seemed to indicate that they thought they were in the back woods.

THE FROST KING

Gets Gay With the Bulb of Mercury and Makes Dire Threats Towards Freezing Humanity.

Last night was the coldest of the winter to-date, the mercury falling uncomfortably close to the goose-egg—some thermometers registering as low as 3°.

This morning trees and shrubbery were covered with the heaviest frost we have ever seen. It hung in great clusters on everything out of doors, in fact, and the hillsides presented a sight beautiful, indeed, to behold.

The river is pretty well filled with new-made ice, the floes, though thin, reaching huge dimensions. Another night like the last, it is thought, would close the stream, as it is very low, and a freeze-up would come more quickly than if the river was at a boating stage.

There is very little coal in Maysville. What is brought here comes by rail and is not always to be had promptly, so it will be seen that unless the weather moderates and a substantial rise comes soon, there is likely to be a more serious coal famine than at present exists.

The labor account on the sewer for the week ending December 10th amounted to \$585 32.

There is hardly anything more useful to a woman than a telephone when she has a secret to keep.

The committee appointed to arrange for Christmas entertainment at the first M. E. Church, South, will meet after prayer meeting Thursday evening.

The venerable Mrs. Elizabeth Raep, who has been ill a long time, is growing gradually weaker and is in a critical condition. She is with her daughter, Mrs. M. Archdeacon.

The Democratic State Central Committee will meet in Frankfort Wednesday, December 21st, to hear contests arising from the election of Precinct Committees and to approve other appointments.

Mrs. Frances Laycock died Tuesday at her home near Dover. She leaves a large family to mourn her loss and one brother, Mr. Thomas Downing of the county. Funeral arrangements not known.

Memoriams and other obituary articles, not of a strictly news nature, are charged for at so much per line. Contributors of such matter are requested to arrange for publication in advance to avoid delay and misunderstandings.

The funeral of Miss Gertrude Muse will take place to-morrow morning at 11 o'clock from the residence on West Second street. Services by Rev. J. S. Sims, assisted by Rev. Charles F. Evans. Burial in Maysville Cemetery.

Dr. Henry K. Pancoast, the University of Pennsylvania X-ray specialist and skiagrapher, has discovered that the continued use of the X-rays on negro patients produced a gradual change in the shade of the skin and that in time it becomes white.

Contractor I. M. Lane has had his men working night and day putting the finishing touches on Traxel's new store in time for the re-opening to-morrow. The handsome tiling floor was "done to a turn" Monday night by Murray & Thomas and the new show cases were being placed last evening. In the confectionery department a bevy of beautiful girls are preparing the souvenir packages.

There will be an important meeting of the tobacco growers at the court house in this city Saturday afternoon at 1 o'clock, for the purpose of giving the farmers an opportunity to subscribe for the balance of the \$20,000 worth of stock in the Growers' Association assigned to Mason County. This is the last call and it is hoped there will be no further hesitancy. The importance of this matter should not be overlooked.

The "Butlers" failed to hypnotize Monday night's crowd sufficiently to draw them out again last evening, consequently there was no show, for lack of an audience. The people who witnessed Dr. Henry's interesting experiments here a few years ago expected equally as good work of The Butlers, but the Professor and his charming wife failed to deliver the goods. In the language of the gallery gods, "She were bum." In justice to these hypnotists, however, we will say that Mr. Butler seemed to understand the science and had the appearance of a successful operator. His failure to enthuse may have been on account of unenituable material, as he had extreme difficulty in getting anybody from the audience to present themselves for subjects.

All Maysville People Have to do is to Follow Their Neighbor's Advice.

Our readers have no excuse for going astray. The way is almost fenced with guide-posts in Maysville. They are on every highway and byway. "He who runs may read." Investigate this example:

Mr. Henry Bertram, boots and shoes, of 225 Market street, says: "The great value of Doan's Kidney Pills are quickly proven. I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market street. In a very short time I was cured of backache which had troubled me for some time. I gave some to a friend who suffered greatly from kidney ailments and he said the results obtained from their use proved that Doan's Kidney Pills are a preparation which possesses remarkable value."
